

**RESEARCH  
LEADERSHIP COUNCIL**

Thursday, January 26, 2023  
4:00 to 5:00 pm  
Zoom

**Attendees:** Elisa Bandera, Stephen Burley, Chang Chan, Nando Cirelli, Shridar Ganesan, Sanjay Goel, Haejin In, Edmund Lattime, Gina Londino-Greenberg, Cristina Montagna, Adrian Rodriguez, Sarah Scharf, Zhiyuan Shen, Ioannis Stasinopoulos, Antoinette Stroup, Linda Tanzer, Eileen White, X. F. Zheng, Wei-Xing Zong

**Agenda**

1. CCSG Updates and Preparation
  - Please see attached presentation.
  - A Shared Resources access page for Members is needed.
  - The Program Leaders need to identify new examples of high profile science that could be put into the slide decks, rather than just repeating the content in the written submission.
  
2. Development of the SR presentations on interactive displays
  - There was in-depth discussion about the preparations being made for the Shared Resources to have digital posters for the upcoming NCI Site Visit.
  - It was stressed that these Shared Resources digital posters need to be able to have the scientific vignettes “pop out” to better illustrate the details of the example.
  - Dr. Stasinopoulos was advised to seek help from Casual Astronauts and the CINJ scientific leadership on how these digital posters should look.
  - Other Cancer Centers who have done digital posters like these should also be consulted.
  - The importance of the touch screen displays working seamlessly was reiterated.

Note: CINJ IS&T Dept. was in attendance to discuss interactive displays.

**Next Meeting**

February 23, 2023 via Zoom
