Innovations in Dermatological Sciences Conference 2024

Dr. Stefan Hellbardt

Dr. Stefan Hellbardt is Vice-President Business Development and Scientific Affairs within Aptar Pharma's Consumer Health Care (CHC) division. As a trained biologist, he has held various positions in the pharmaceutical industry with established experience in clinical development. At Aptar Pharma, he leads the global business development for dermal drug delivery. In this role, he has been instrumental in delivering Aptar Pharma's expertise and services to customers developing pharmaceutical products for topical dermal application. As Head of Scientific Affairs CHC, Dr. Hellbardt leads a team of scientists supporting customers regarding Aptar Pharma's preservative-free products and material characterization.
