Social scientists have long known that political beliefs bias the way they think about, understand, and interpret the world around them. This volume explores the complex and often contentious political influences within the field of social psychology. While most scientists aspire to be dispassionate observers, this volume reveals how political biases may affect theory development, the selection of hypothesis-testing and other methodologies, data analysis, and the interpretation of findings. The contributors, scholars from social psychology and related fields, use many of the major themes in social psychological research to examine the discipline itself, including the effects of motivated reasoning, attitudes, beliefs, values, goals, ideology, and prejudice. They also present solutions that may lead toward a more depoliticized social psychology that can become a model for discourse across the social sciences.

**Jarret T. Crawford** is a Professor of Psychology at The College of New Jersey. He is the author of over 50 publications on political psychology and intergroup attitudes.

**Lee Jussim** is a Professor of Psychology at Rutgers University. He has authored or edited five books (plus this one) and over 100 articles and chapters, focusing primarily on social perception and scientific integrity.
Frontiers of Social Psychology
Series Editors:
Arie W. Kruglanski, University of Maryland at College Park
Joseph P. Forgas, University of New South Wales

*Frontiers of Social Psychology* is a series of domain-specific handbooks. Each volume provides readers with an overview of the most recent theoretical, methodological, and practical developments in a substantive area of social psychology, in greater depth than is possible in general social psychology handbooks. The editors and contributors are all internationally renowned scholars whose work is at the cutting edge of research.

Scholarly, yet accessible, the volumes in the *Frontiers* series are an essential resource for senior undergraduates, postgraduates, researchers, and practitioners and are suitable as texts in advanced courses in specific subareas of social psychology.

Published Titles

**Goal-directed Behavior**
*Aarts & Elliot*

**Social Judgment and Decision Making**
*Krueger*

**Intergroup Conflicts and their Resolution**
*Bar-Tal*

**Social Motivation**
*Dunning*

**Social Cognition**
*Strack & Förster*

**Social Psychology of Consumer Behavior**
*Wänke*

**Computational Social Psychology**
*Vallacher, Read, & Nowak*

THE POLITICS OF SOCIAL PSYCHOLOGY

Jarret T. Crawford and Lee Jussim
CONTENTS

List of Contributors viii

1 Introduction to the Politics of Social Psychology 1
   Jarret T. Crawford and Lee Jussim

PART I
How Politicized Social Psychology Undermines Theory Generation and Hypothesis Testing 5

2 Do Ideologically Driven Scientific Agendas Impede the Understanding and Acceptance of Evolutionary Principles in Social Psychology? 7
   William von Hippel and David M. Buss

3 Norms and Explanations in Social and Political Psychology 26
   Mark J. Brandt and Anna Katarina Spälti

4 Does Political Ideology Hinder Insights on Gender and Labor Markets? 44
   Charlotta Stern

5 Neglected Trade-offs in Social Justice Research 62
   Chris C. Martin
PART II
How Politicized Social Psychology Distorts Research Methods and Design

6 Scale Creation, Use, and Misuse: How Politics Undermines Measurement 81
Christine Reyna

7 The Politics of the Psychology of Prejudice 99
Jarret T. Crawford

8 Rethinking the Rigidity of the Right Model: Three Suboptimal Methodological Practices and Their Implications 116
Ariel Malka, Yphtach Lelkes, and Nissan Holzer

PART III
How Politicized Social Psychology Distorts Interpretation of Research

9 Jumping to Conclusions: Advocacy and Application of Psychological Research 139
Gregory Mitchell

10 Socio-political Values Infiltrate the Assessment of Scientific Research 156
Stephen J. Ceci and Wendy M. Williams

11 The Bullet-point Bias: How Diluted Science Communications Can Impede Social Progress 168
Hart Blanton and Elif G. Ikizer

PART IV
Political Discrimination in Social Psychology

12 Paranoid Egalitarian Meliorism: An Account of Bias in the Social Sciences 193
Bo Winegard and Benjamin Winegard
Contents

13 Political Exclusion and Discrimination in Social Psychology: Lived Experiences and Solutions  210
   Sean T. Stevens, Lee Jussim, Stephanie M. Anglin, Calvin K. Lat, Cheryl Alyssa Welch, Jennifer S. Labrecque, Matt Motyl, Jose Duarte, Sylvia Terbeck, Walter Sowden, John Edlund, and W. Keith Campbell

PART V
Towards a De-Politicized Social Psychological Science  245

14 Interrupting Bias in Psychological Science: Evolutionary Psychology as a Guide  247
   Joshua M. Tybur and C. David Navarette

15 Possible Solutions for a Less Politicized Social Psychological Science  265
   Lee Jussim and Jarret T. Crawford
