Bachelor of Music: Music Education Concentration: Instrumental Requirement Notes

- + The total number of credits required for graduation for the Instrumental Concentration is 125. Because the 8 credits for Music Assembly do not count towards graduation, and the 4 credits for *Classroom Piano* (although not required) are included in the semester credit totals, the grand total of required course credits add up to more than 125 credits.
- ^^ Registration in Music Assembly is required in every semester of registration in Applied Major Lessons.
- < Students must follow the music and Liberal Arts course requirements in effect at the time of the student's initial year of enrollment.
- * A 30-minute Senior Recital is required for graduation for students who enrolled Fall 2013 and thereafter. The senior recital cannot be scheduled if a student has a grade of Unsatisfactory in any semester of *Music Assembly*.
- ** All Bachelor of Music students (with the exception of classical piano majors) must take the Piano Proficiency Exam by the end of the 2nd year and must pass the exam in order to graduate. Courses in piano are available to prepare students for this examination.
- *** Instrumentalists other than percussionists must take 1 secondary lesson in their performance area and 1 outside of their performance area. Percussion majors are required to take an additional (third) secondary lesson on a woodwind, brass, or string instrument in lieu of *Percussion Techniques*.
- ℣ One semester of *Chamber Music* is required. This requirement can be satisfied by taking the *Chamber Music* course (07:701: 355, 356, 455, or 456) or by taking one of the Small Ensembles listed in the Music Undergraduate Handbook.
- ^ These courses require field experience.
- ~ *Inclusive Learning in Music* (07:700:389) must be taken in conjunction with one of the following courses that include Field Placement: 700:381, 382, 384, or 484.
- % One *Special Studies in Music History* (700:419 or 700:420) course is required. Either course satisfies 3 credits of the Liberal Arts Humanities Area requirement.
- ° These courses—along with College Writing, 12 credits of Liberal Arts coursework with a GPA of 3.00 or higher, and passing the Piano Proficiency Exam—should be completed before the Music Education Advisory Review (MEAR). The Praxis Core Exam must be completed before MEAR (unless exempt).
- ++ It is recommended that a student complete this course before the MEAR.
- # To enroll in these courses, a student must have completed the MEAR successfully, and have been admitted into the Music Education Professional Sequence (MEPS).
- ## All degree requirements must be complete before *Clinical Practice II* (student teacher) placements are approved. Students may not be registered for any other courses during the semester in which they student teach unless pre-approved by the Director of Clinical Experience and Practice.
- & This Liberal Arts course requirement can be satisfied by these specific courses, or by any Infant/Child or Adolescent Developmental Psychology course approved for transfer credit by the Psychology Department or by MGSA.
