In addition to my work commitments, the days I have been off to attend SGA meetings and events have coincided with my

obligations to the Prudential Scholars Program, preventing me from being present and actively participating. Given these circumstances, I believe it is in the best interest of the organization for me to step down so that someone with more availability can take on the role. I sincerely apologize for any inconvenience this may cause and appreciate the opportunity to have been part of SGA. I am grateful for the experience and for the work that SGA continues to do to support students.”
