October 19, 1992

TO: Professor Paul Tractenberg:

As promised, here is a list of University-wide and Newark committees which you asked about and others in which the FAC may be interested. Note that quite a few members of the FAC serve on several of these committees.

If you would like additional information on any of these committees, just let me know.

A handwritten signature in cursive script, likely belonging to the sender of the letter, is positioned to the right of the main text.
