

Seasonal Leaders (2) for Public Info/Volunteer Services:

Leader for Invasive Plant Strike Force & Leader for Garden/Pruning Teams

Seeking two energetic, dependable, individuals who enjoy working with volunteers and the public.

Requirements:

- Both candidates must have excellent customer service skills, strong communication and leadership skills, solid computer knowledge and a background in either of the following positions.
- Projects are coordinated with Park System Staff.
- Develop a good understanding of volunteer database to recruit and communicate with volunteers.
- Assist with other department assignments such as special events, projects, receptions.
- Must be available to work weekends and some evenings. Valid N.J. driver's license required.

Position 1 - Seasonal Leader for Invasive Plant Strike Force

Responsibilities:

- Train and lead volunteers to identify and remove invasive plant species in various park locations and staying within Park System safety guidelines. Assist with development of new teams in the Park System.
- Assist with other department assignments such as special events, projects, receptions, care of tools.

Position 2 - Seasonal Leader for Volunteer Garden/Pruning Teams

Responsibilities:

- Train and lead Garden & Pruning Teams in various park locations.
- Have a good understanding of pruning techniques and general gardening practices.
- Assist with other department assignments such as special events, projects, care of garden tools.

Location: Public Information/Volunteer Services at Thompson Park, 805 Newman Springs Road, Lincroft.

Pay: Depending on qualifications

Hours: Seasonal, February-October; 30-35 hours per week
