

uKnighthed Minds Authorship Order Approval Form

The primary purpose of uKnighthed Minds is to give undergraduate students the opportunity to be first author on a publication. However, very little undergraduate work goes unsupervised, and proper credit must be attributed to each person who participated in the creation of the manuscript. If you are an interested author, please be sure to discuss with all faculty and graduate student supervisors prior to submitting.

First authorship designation entails that the undergraduate student was the primary party involved in major steps of the paper such as conceptualization, methodology, writing - original draft, and formal analysis. It is up to you to determine with your graduate and faculty supervisors whether you fit this designation. If you have written a theoretical paper, a literature review, or another paper that does not involve formal analysis, be sure to credit all parties who may have helped you at other stages in the process (e.g. writing - review & editing).

In the table below, please indicate the order of authorship that you would like for this manuscript. Please also indicate which parts of the paper all authors worked on using APA's CRediT system (see more information about the motivation behind CRediT at [this link](#)). Finally, please obtain signatures from all authors listed prior to submission.

APA CRediT Roles

- Conceptualization
- Data curation
- Formal analysis
- Funding acquisition
- Investigation
- Methodology
- Project administration
- Resources
- Software
- Supervision
- Validation
- Visualization
- Writing – original draft
- Writing – review & editing

Authorship Designations

If you have more authors than there is room in the table, please list them below the table.

Authorship Order	Name (as you would like it to appear on the publication)	CRediT Roles	Signature
First Author			
Second Author			
Third Author			
Fourth Author			

Fifth Author			
Sixth Author			
Seventh Author
