

Introduction to street safety

Raihaanah Hall

Tree Coordinator-Greater Newark Conservancy

Stay visible & out of traffic

- Wear your safety vest the entire time
- Keep yourself out of the road whenever possible
- Watch for fast, distracted, or reckless drivers

Protect pedestrians

- Clear tools off the sidewalk when pedestrians pass.
- Do not leave tools in walkways or on the ground.
- Clean up loose trash and plastic.

Move tools & materials safely

- Keep tools, mulch, soil, and compost out of the road.
- Use crosswalks when moving wheelbarrows or supplies.
- Help each other “see” and guide loads around blind spots

Conclusion

- Be safe and alert when working in the right of way
- Always stay alert when near the street
- Protect yourself and others
